Request for Proposal:

Seeking Vendor to provide fiber broadband network design engineering, project management, and construction management for Northwest Vermont Communications Union District dba Northwest FiberworX [RFP LINK](#)

All interested parties are hereby notified of the following changes in the Request for Proposal document for the above-listed RFP. These changes shall be incorporated in and shall become an integral part of the RFP documents.

1. The deadline for submission of proposals has been extended to June 1st 2022 at 5:00pm.
2. Vendor Selection will be completed by June 9th 2022.
3. Contract Negotiations will be completed by June 20th 2022.
4. Respondents are encouraged to specify additional services, resources or experience they can provide that might be of benefit to NWFEX, i.e. construction, network operations and maintenance, or enterprise ISP services.
